So Chap 2:

VFK moving on K — not $\frac{1}{3} - \frac{1}{2}$, but no
(like VFK)

(K — over over steady)

don't be honest —

US: SU can go to

not to FS/Russia

We must be

but: see USCP on ~~prob~~ - unintended, violence

(prevent o-low chance of our more causing

"thin" to either go to FD or "force" us to go to FD & FS).
